

Vis and UV-Vis spectroscopy solutions for education

Durable, reliable instruments for teaching bright young minds

With easy-to-learn, high-resolution on-board control, large washable sample compartments, and data export options that meet modern expectations, the Thermo Scientific™ GENESYS™ Visible and UV-Visible spectrophotometers are designed with students and educators in mind. For teaching spectroscopy fundamentals or for advanced experiments, the GENESYS spectrophotometers give you complete confidence in your results with outstanding stability and accuracy.

Thermo Scientific™ GENESYS™ 30 Visible Spectrophotometer Outstanding durability, traditional simplicity

- Large sample compartment with removable, washable liner for easy clean up
- Supports use of standard cuvettes, test tubes and long pathlength cells
- Ideal for performing OD600 measurements and colorimetric protein assays

Description	Part Number
GENESYS 30 Visible Spectrophotometer	840-277000*

Thermo Scientific™ GENESYS™ 50 UV-Vis Spectrophotometer Smarter by design with advanced usability and modern functionality

- New 7-inch, high-resolution, touchscreen user interface
- On-board-controlled software with sophisticated methods including kinetics, advanced Quant and Peak Pick
- WiFi-ready – print wirelessly to a shared WiFi printer, store or back-up data and methods to remote locations; USB port

* Also available as a visible-only instrument (Thermo Scientific™ GENESYS™ 40 Visible Spectrophotometer).

Description	Part Number
GENESYS 40 Visible Spectrophotometer	840-297000*
GENESYS 50 UV-Visible Spectrophotometer	840-298000*

*USA country power cable part numbers listed. For other countries, substitute last three numbers from 000 to: 100 = China • 200 = India/RSA • 300 = EU • 400 = UK • 500 = Aus/NZ

Thermo Scientific™ SPECTRONIC™ 200 Visible Spectrophotometer

Quick, convenient measurements in the hands of novice users

SPECTRONIC 20 spectrophotometers have served as core analytical instruments in school, college and university teaching laboratories since 1953. The SPECTRONIC 200 visible spectrophotometer continues this tradition into the 21st century.

- Removable sample compartment for easy clean up
- Supports test tubes and standard square cuvettes
- Spectrum indicator in live display associates wavelength to color
- Includes Quant mode with up to 4 standards
